WINES OF CHILE

Quatro 2007

89+ Points

“... a blend of 30% Cabernet Sauvignon, 30% Malbec, 25% Carmenère, and 15% Syrah. Purple-colored, it has a complex bouquet of cedar, spice box, black currant, blackberry, and a hint of blueberry in the background. This is followed by a layered **wine with good depth and concentration** with enough structure to evolve for 1-2 years. **Drink this excellent value** from 2009 to 2015.”
